The screenshot shows the Orbis Education Desktop website. At the top, there's a navigation bar with the Orbis Education logo, links for "Who We Are", "The Orbis Solution", "Services", and "Join Our Team", and a mail icon. Below the header is a large banner image of a hospital hallway with a blurred figure walking away. Overlaid on the banner is the text "We Are Orbis Education" and "The solution to healthcare workforce shortages." A "Who We Are" section follows, featuring a bold statement about providing nonprofit institutions with a turnkey platform to develop and expand pre-licensure programs. Below this is a "LEARN MORE" button. The next section, "The Orbis Solution", discusses solving the crisis through innovative academic programs and employer partnerships, also with a "LEARN MORE" button. The final visible section, "Services", highlights Scalable Infrastructure, Clinical Affiliations (with a detailed description and "LEARN MORE" button), and Academic Platform. The footer contains contact information (11595 North Meridian St., Suite 400, Carmel, Indiana 46032, Phone: 317-663-0260, Fax: 317-564-8803, orbisinfo@orbiseducation.com) and social media links for Facebook, Twitter, Google+, and LinkedIn.

Who We Are

We Offer Healthcare Solutions

Our Mission

Every great business idea solves a common problem. For Orbis Education, it was developing a comprehensive education solution that aimed to solve a looming health care crisis—one that would solve a nationwide shortage of at least 1 million nurses by the year 2020.

The word *orbis* is Latin for circle or ring. In the world of academia, it means a company that has revolutionized the field of healthcare education by bringing the needs of students, schools and healthcare providers full circle.

Our Locations

With a growing partner list of schools, we have successfully educated thousands of students across the U.S. Graduates of our programs tend to have higher than average first-time pass rates on board exams.

The Orbis Culture

At Orbis, the cornerstone of our culture is centered on accountability and ownership. We believe employee satisfaction directly ties into the success of our company. Therefore, our goal is to maintain a supportive and engaging company culture where employees feel connected to one another and that each individual feels empowered to do the best work of his or her career.

While the work we do is fast-paced, if you're willing to put in the time and do great work, it will be recognized and rewarded.

“
At Orbis, you are expected to work hard and get the job done, but there is a level of flexibility that allows me to tend to my daughter’s needs and not have to feel guilty about it. Plus, I get to work with smart people who have expanded my skills set—oh, and there’s coffee and snacks provided every day.”

Meet Our Leadership Team

These people drive the magic.

About Our People

Our leadership team's combined expertise and vision has positioned Orbis Education to be the nation's leading third-party manager of online and accelerated healthcare degree programs. Serving on the front lines, our leaders generate momentum to deliver superior outcomes for our universities, students, and healthcare partners. They are decisive, results-oriented, empowering, and are not afraid to take risks when it comes to tough decisions.

At Orbis Education, employees have the opportunity to pursue the mastery of leadership on a daily basis. The executive team instills the confidence in Orbis employees to take complete ownership and accountability in the work they produce.

	Steve Hodownes Chief Executive Officer <i>"When people take pride in their role and work as one team in pursuit of mission of an organization – magic happens. I firmly believe that on any given day any team member can be the most important person in the building."</i>		Daniel Briggs Founder and Chief Growth Officer <i>"My greatest achievement as Founder of Orbis is the number of jobs and careers we have created for our employees and students."</i>

The Orbis Solution

How We Bridge the Gap Between Educator and Employer

Bringing Supply and Demand Together

Orbis goes beyond the typical program management function of taking a school's classroom curriculum and converting it into an online-based program. We provide our partners with branded off-campus facilities and labs where students go to practice their skills using state-of-the-art medical equipment. Orbis also establishes the clinical partnerships for these schools so their students gain patient-care experiences in advanced health care settings.

As the health care industry continues to evolve and become more complex, Orbis will expand its collegiate footprint and constantly push the envelope in the OPM space by advancing its nursing programs and entering into new areas of health care education.
